

Code of Conduct

Bergen Bunkers AS takes its corporate responsibility seriously, and has created this Code of Conduct, rooted in our values, to show our commitment to stakeholders. We strive to maintain a company culture based on high ethical standards as knowledge, trust and credibility are key business principles we value.

Our core values are honesty, integrity and respect and form our basic principles for behavior and business practice. Other than these, performance, collaboration and professionalism in everything we do is important.

Both managers and employees are responsible to make sure applicable laws and regulations are met at any time, and that high ethical standards are maintained both internally and externally.

Human Rights and Employment practices

Bergen Bunkers is committed to respect and protect human rights and to comply with all applicable laws and regulations and conduct our business with integrity, respect, fundamental rights and dignity of all individuals.

The company strives to ensure that our suppliers, subcontractors, and other value chain counterparties share our commitment to safety, integrity, ethics and compliance to international standards regarding human rights and fundamental freedom of individuals.

Bergen Bunkers have a zero-tolerance for discrimination, including discrimination based on gender, ethnicity, color, religion, sexual orientation, disability, marital status, political or other opinion, national or social origin or other. All employees are encouraged to speak up and share any concerns

The Transparency Act of 1st July 2022 has been implemented and Bergen Bunkers will monitor and address any adverse human right impacts linked to our operations at least annually. The Transparency Act is in line with the United Nations Guiding Principles on Business and Human Rights as per the International Bill of Human Rights and the International Labour Organization's Declaration on Fundamental Principles and Rights at Work.

Our Transparency Policy is as follows,

Bergen Bunkers will strive to protect human rights and fundamental freedom of individuals

Corporate Social Responsibility

Ethical business conduct and compliance with the law is vital for sustainable development of businesses and communities. Corruption, bribery, tax evasion or fraud of any form is not tolerated. Co-workers must not offer or accept anything of value in order to obtain an improper advantage, in business or private, regardless of its purpose. Compliance to international sanction of companies and/or individuals is important to us as well as avoiding getting involved in money laundering or other illegal/fraudulent activities.

Environmental Management System (EMS)

Bergen Bunkers is going to be on top of changing environmental trends and demands in the bunker industry regarding more environmentally friendly fuels. We aim to use this knowledge to guide our customers to take the correct fuel decisions and be forward-looking in choosing more environmentally friendly bunkers.

Quality Management System (QMS)

Bergen Bunkers has established a Management System and is certified according to ISO 9001:2015. The company was first certified in 2017 and was re-certified in 2020. The current certificate is valid until August 2023.

Our Quality policy is as follows;

Bergen Bunkers - The preferred energy provider!

A credible, efficient, and quality conscious counterparty.

Highly skilled, honest and efficient employees is, together with our global network of suppliers as well as state of the art technology within IT and communication, the core of our business and will make us a leading supplier within our business operations.

Bergen Bunkers AS supports UN's Sustainable Development Goals, focusing our effort on the following;
